

# Domain Modelling

# Domain Modelling

Nous n'allons pas parler :

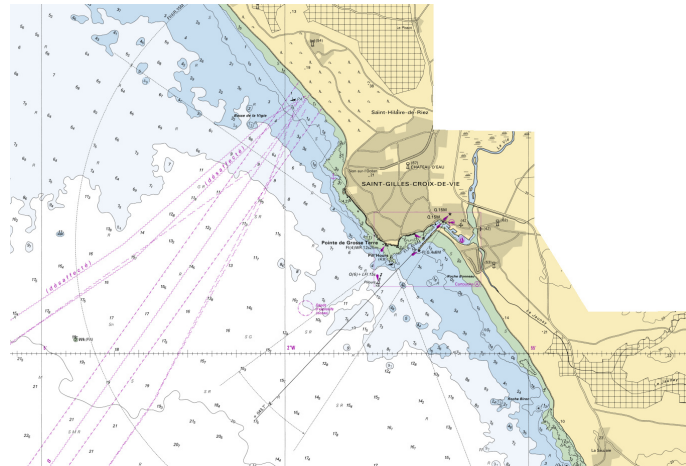

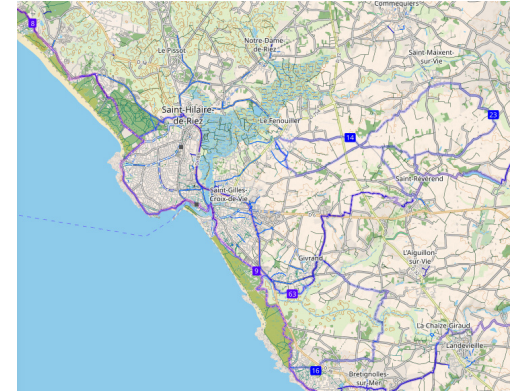

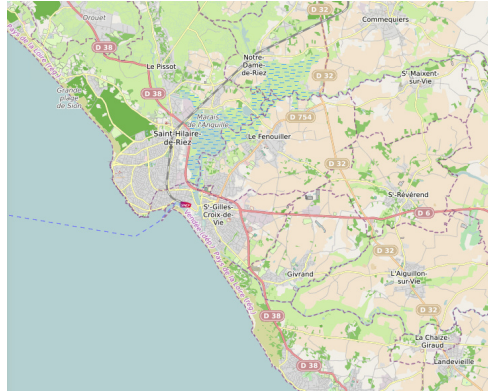

- de persistance (Doctrine, ...)
- d'un langage en particulier
- de chats (désolé...)

Ceci n'est pas un cours magistral !

# Qu'est-ce qu'un modèle ?

*All models are **wrong**, some are **useful** - Georges Box*

Exemple : La cartographie

# Qu'est-ce qu'un domaine ?

”

A business domain defines a company's main area of activity. Generally speaking, it's the service the company provides to its clients. For example:

- FedEx provides courier delivery.
- Starbucks is best known for its coffee.
- Walmart is one of the most widely recognized retail establishments.

*Learning Domain-Driven Design - Aligning Software Architecture and Business Strategy*

*Vlad Khononov - O'Reilly - 2022*

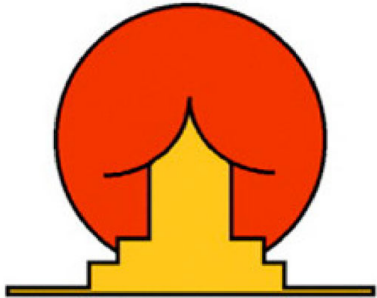

# Il y a le bon design...

Figure 3-10. The **cardboard** model in the kitchen doorway

# ... et le mauvais design

Instituto de Estudos Orientais.

**Show me da code**
